THE VOLUNTEER FIRE DEPARTMENT

FEBRUARY 1, 1943

During the past year 10 alarms of fire were answered as follows:

7 Chimney.
2 Grass, caused by burning rubbish.
1 Barn, caused by spontaneous combustion in manure pile.

Fortunately, no loss was caused by these fires.

At the annual meeting last August the incumbent officers were continued in office for the ensuing year.

The Departmnt has purchased from its own funds, a Portable Centrifugal Fire Pump for relay use at water holes or other sources of water to which a truck could not be driven.

The Town has purchased three lengths of 3-inch Suction Hose for use with both the above pump and that on Truck 1. There is also on order 300 feet of 2½ inch fire hose. These purchases being made from the sum made available for the purpose at the last Town Meeting.

At the suggestion of the Department, the Selectmen purchased a very fine assortment of Forest Fire Fighting Tools from the State Forestry Department at a great reduction in price under the open market. The assortment was chosen by the Forest Fire Wardens. These tools have been distinctively marked with Yellow Paint by members of the Department and are ready at the Fire House.

Due to the loss of manpower through service with the armed forces, war work, etc., we urge all able bodied men

in town to contact members of the Department for instruction in the operation of fire fighting equipment now available.

LYMAN H. NUTT,
Chief.

FIRE WARDEN'S REPORT

As the tempo of America's war effort mounts, demands upon its citizens for service become more numerous and exacting. To some comes the call to arms; others to public service and still others to defense industries and organizations. No one can possibly escape if he would. All must bear a proportionate share of the burden and the sacrifice. Strong first line fronts on land, sea and in the air are needed and can be developed and maintained only if there is unity of purpose and common determination behind the home front.

As men are drawn into service the burden of carrying on rests more heavily upon those forced to remain at home. Here, team work becomes increasingly important because of constantly diminishing manpower. A general breakdown in essential local activities and law observance can only be prevented by whole hearted cooperation between citizens and leaders.

There is no field of endeavor where cooperation and compliance with law and regulation are more needed than that of forest fire control. The most effective and economical effort in this field of activity is that of prevention. The old adage "an ounce of prevention" being "worth a pound of cure" was never more aptly applied than to forest fire control.

The forest fire warden is, by law, the designated local leader in forest fire matters. He exercises his prerogatives and discharges his duties as such under the direction of the State Forester. There was never a time when the warden needed each citizen's good will and cooperation more than he does now. With manpower waning, fire prevention, through efficient preparation, care with fire and compliance with necessary regulations become a vital duty of citizenship.

For years efforts have been made to improve the usual bad Spring and Fall fire record. It was not until this year, however, that this problem was, to a great extent solved when permit burning was more rigidly restricted. Forest fire wardens were instructed not to issue permits except on rainy days. This plan worked out so well it has been decided to make it the established policy governing legal burning.

Everyone is well acquainted with the several civilian defense groups. Many of our fellow townsmen are serving in one or other of them. It is only recently, however, that the Office of Civilian Defense, recognizing the threat forest fires are to our timber facilities and resources and the possible disruption of war activities in critical areas, established the "Forest Fire Fighters Service". Its purpose is to provide fire fighters, equipped and trained, to strengthen the hand of the local forest fire warden; to acquaint the people in the area with their responsibility in fire prevention and suppression and to provide an opportunity for people in and near forested areas to participate in the war effort. The State Forester is the State Coordinator; the District Fire Chiefs are District Coordinators and the Warden is the Local Coordinator. The Forest Fire Fighters Service personnel will be registered under the direction of the Office of Civilian Defense; it will be trained by the local warden and his assistants, aided by the District Chief. Individual citizens are urged to join this service group by applying to their local forest fire warden. By becoming a part of this organization locally, individuals can contribute their share toward the protection of our forest resources which are so vital to the war job.

During this critical period it is more than ever the part of good and prudent citizenship to remember

1. That permission to burn in or near woodland or where fire may be communicated to woodland must be secured from the forest fire warden when the ground is not covered with snow.

2. To be careful when smoking in or near the woods and not throw lighted cigars, cigarettes or matches from moving vehicles.

3. To notify your local warden promptly of any fires you see.

4. That fire prevention is the best and cheapest fire insurance.

5. To be fire-minded; be careful; be cooperative and thus help your warden prevent forest fires. This is patriotism at work.

The 1942 fire record for our town follows:

Number of fires—1.

Acreage burned—One half acre.

Cost of Suppression—$25.40.

Number of permits issued—74.

REPORT OF SCHOOL BOARD

To the Inhabitants of the School District of Dunbarton:

The School Board herewith submits its annual report for the year 1942:

The distances from the Center School to Arthur Powell's and from the Montalona School to Kenneth Weiss's were measured and both found to be under two miles.

The interior and exterior of the South Dunbarton School Building were painted. The roof was shingled, chimney built new from the roof up, a fire exit constructed and new doors hung. A telephone was installed the first of September.

A sump pump and two automatic electric heaters were installed in the cement pit in the basement of the Center School. A new stove pipe was put up in the Grammar Room.

At the Annual School District Meeting, March 7th, 1942, on motion of Mildred Armstrong, it was voted that the School Board investigate the matter of opening the schools at Burnham Hill and North Dunbarton and report at a special meeting to be called on or before July 15th.

A special school district meeting was called June 27th to act upon the following articles:

1. To see what action the School District will take regarding opening the schools at Burnham Hill and North Dunbarton.

2. To transact any other business that may legally come before said meeting.

At this meeting is was voted as follows:

1. Voted that action be taken separately on the matter

of opening the Burnham Hill and North Dunbarton Schools.

Voted to pass over that part of the article relative to the opening of the Burnham Hill School.

Voted to keep the North Dunbarton School closed.

2. Voted that the next March meeting be held at 8 o'clock in the evening.

The Board wishes to express its appreciation to the teachers for the fine spirit they have shown under difficult conditions this year. The school work has been carried on well in spite of much extra work imposed on the teachers by the war rationing program.

Respectfully submitted,

EVA A. TUCKER,
MARY I. STONE,
WESTON P. LORD,
School Board.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Dunbarton:

It is with pleasure that I submit my annual report as Superintendent of your schools.

One change in the teaching staff has occurred since last year. Miss Grace Stacey of Cambridge, Massachusetts, a graduate of the State Teachers College at Salem, was elected to the position at the South Dunbarton School after Miss Althea Quimby resigned. Miss Quimby is teaching in Connecticut this year.

Mrs. Doris Buswell, our music teacher, was seriously ill with pneumonia for a few weeks before Christmas. Since that time, due to her health and to travel difficulties, she has not been able to resume her work in Dunbarton. It is hoped that she can return in the spring.

The enrollment last year as will be seen by the table at the end of this report was 79 as compared with 77 the year before. The enrollment so far this year is slightly smaller.

Last June 10 pupils graduated from our eighth grade. Of these, 7 entered high school last fall.

The number of Dunbarton boys and girls for whom the District is paying high school tuition this year totals 23. As a group they are doing good work in high school. I feel that this is a credit to them personally and also a demonstration that our schools are maintaining a good standard of preparation.

Standard achievement tests were given in all grades last May in order to discover particular weaknesses of individual

pupils and thus enable the teacher to concentrate school study in those subjects where any weakness appeared. As a rather general deficiency in spelling was apparent, spelling books for all grades were purchased and emphasis is being laid on that subject. Since reading is basically important, as much modern reading material as possible was purchased for the primary grades. Many worn books have been replaced and several workbooks furnished.

Schools continue to be affected by war conditions. The shortage of teachers grows more acute in rural districts. What teachers are available seek positions first in larger communities or in consolidated schools where pay is better, where work is in single grades or subjects, and where transportation facilities are available. Many schools in the state opened last September with substitute teachers. Many others have lost teachers during the school year, replacing them with great difficulty. The situation facing us for another school year will be even more serious.

Our teachers as a group have been loyal to their schools and children. They have met ever increasing demands cheerfully with labor on rationing, scrap drives, and many other programs. They have worked hard in the fact of petty difficulties, increased cost of living, more taxes and personal worries. Their work is not spectacular and dramatic, but it is basically important to our community and nation. They merit a tribute for their splendid loyalty and cooperation.

Educational opportunities for our children must be maintained to the fullest possible extent. Children grow continuously. They cannot wait. They cannot relive these years through which we are passing. They must not lose the benefit of good schools. Even though teachers in several fields may be scarce, materials often difficult to obtain, and war demands on the schools ever increasing, all effort will be made to keep school work at as high a standard as possible.

Cooperation of parents, other citizens, and members of the school organization has helped materially during a critical school year. It is thoroughly appreciated.

Respectfully submitted,
HARLAN E. ATHERTON,
Superintendent of Schools.

REPORT OF SCHOOL NURSE

In submitting my annual report for the school year 1941-1942, I would like to take this opportunity to thank the Superintendent, Members of the School Board and the teachers for their interest and kind cooperation in the health work of our schools. In the work with the school children we have had and continue to have the support and understanding of our teachers who are actively interested in the corrections, at heart, of the most outstanding and common physical defects found in our school children, such as teeth, tonsils, vision and hearing. In our districts there may be children with certain other serious defects who may seem to need special attention and the teacher many times brings it to my attention.

Time and service is being given by physicians and hospitals in New Hampshire in an endeavor to bring health to the crippled children of our state. A free orthopedic clinic is carried on each week in Manchester and is financed by the Crippled Children's Service.

Other clinics available to our children is the eye, ear and throat, the heart clinic, thyroid clinic and a tubercular clinic.

The audiometer test was given in May 1941, and is to be given again this month. This test is to determine how well a child can hear.

Record of the annual examination and follow-up work:

Defective vision, 9; number of defects corrected	3
Defective teeth, 50; number of defects corrected	20

Operative tonsils, 8; number of defects corrected 3

There was one whooping cough case.

One sprained shoulder.

One fractured arm.

Arranged for one to attend the mental hygiene clinic.

A dental clinic was held September 1942.

An audiometer test was given May 1941 and February 1943.

All pupils were finger printed in March 1942.

Made 25 home visits during this time.

EDITH G. WALKER,
School Nurse.
